

Revised May 10, 2004

Policy Service

Texas Association of School Boards

Model Student Handbook

Editable Version—Microsoft Word

The **TASB Model Student Handbook** is provided to Policy Service member districts to assist in communicating essential information to students and parents for the 2004–2005 school year.

This model includes provisions common to Texas secondary schools and is designed to be a resource for development of student handbooks for your District. Because of its broad focus, some sections will not be appropriate to an elementary campus or, for that matter, every secondary campus. If you find our language, generally based on policy, too formal and difficult for younger students; please adjust the language to the age/reading level of your students and your campus needs.

Do not attempt to edit the handbook without referring first to the complete PDF version (file mshb2004.pdf) found at <http://www.tasb.org/policy/handbook/files.shtml>. This URL is password-protected; the user name and password can be obtained from your district's superintendent and/or designated policy contact. The complete PDF version includes annotations that show changes from last year's **Model Student Handbook**; it also contains editorial notes that will guide you in customizing the **Handbook** for your District and/or campus.

This **Model Student Handbook** is copyrighted by TASB but may be reproduced by the District in the development of student handbooks at the campus or District level. Further use or copying is prohibited without the written consent of TASB Policy Service.

If you have any questions about this document, please call Policy Service at 800–580–7529 or 512–467–0222.

PREFACE

To Students and Parents:

Welcome to school year 2004–2005! For this new year to be successful for your child, we must all work together: students, parents, teachers, and other school staff members.

The Harmony ISD Student Handbook is designed to provide a resource for some of the basic information that you and your child will need during the school year. In an effort to make it easier to use, the handbook is divided into three sections:

Section I—IMPORTANT INFORMATION FOR PARENTS—with information all parents will need about assisting their child and responding to school-related issues;

Section II—CURRICULUM-RELATED INFORMATION—providing information to students and their parents about graduation programs, required courses, class rank, and extracurricular and other activities; and

Section III—GENERAL INFORMATION AND REQUIREMENTS—describing school operations and requirements such as safety procedures, the dress code, and fees that may be charged.

Please be aware that the term “the student’s parent” is used to refer to the parent, legal guardian, or other person who has agreed to assume school-related responsibility for a student.

Both students and parents must be familiar with the Harmony ISD Student Code of Conduct, required by state law and intended to promote school safety and an atmosphere for learning. That document may be found as an attachment to this handbook.

The student handbook is designed to be in harmony with Board policy and the Student Code of Conduct. Please be aware that the handbook is updated yearly, while policy adoption and revision may occur throughout the year. Changes in policy that affect student handbook provisions will be made available to students and parents through newsletters and other communications.

In case of conflict between Board policy or the Student Code of Conduct and any provisions of student handbooks, the provisions of Board policy or the Student Code of Conduct that were most recently adopted by the Board are to be followed.

We strongly recommend that parents review the entire handbook with their children and keep it as a reference during this school year. If you or your child has questions about any of the material in this handbook, please contact a teacher, the counselor, or the principal. Also, please complete and return the parental acknowledgment and consent/opt-out forms so that we have a record of your choices.

Please note that references to alphabetical policy codes are included so that parents can refer to current policy. A copy of the District’s policy manual is available in the school office.

Nondiscrimination

Harmony ISD does not discriminate on the basis of race, religion, color, national origin, sex, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of

the Educational Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

The following District staff members have been designated to coordinate compliance with these requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of sex:
Mr. Ray Miller
9788 State Highway 154 West
Big Sandy, TX 75755
903-725-5492
- Section 504 Coordinator, for concerns regarding discrimination on the basis of disability:
Mr. Ray Miller

Services for the Homeless and for Title I Participants

Other designated staff you may need to contact include:

- Liaison for Homeless Children and Youths, who coordinates services for homeless students:
- Parent Involvement Coordinator, who works with parents of students participating in Title I programs:
Mr. David Cochran
9788 State Highway 154 West
Big Sandy, TX 75755
903-725-5492

Services for Students with Disabilities

Parents of students with learning difficulties or who may need special education services may request an evaluation for special education at any time. For more information, contact Peggy Oden at 903-843-5575.

SECTION I

IMPORTANT INFORMATION FOR PARENTS

This section of the Harmony Elementary Student Handbook includes information on topics of particular interest to you as a parent.

PARENTAL INVOLVEMENT

Working Together

Both experience and research tell us that a child’s education succeeds best when there is a strong partnership between home and school, a partnership that thrives on communication. Your involvement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides. Ensure that your child completes all homework assignments and special projects. Be sure your child comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all of your child’s school activities and with the academic programs, including special programs, offered in the District. Discuss with the counselor or principal any questions you may have about the options and opportunities available to your child. If your child is entering ninth grade, review the requirements of the graduation programs with your child. Monitor your child’s academic progress and contact teachers as needed.
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, counselor, or principal, please call the school office at 725-5496 for an appointment. A teacher will usually return your call or meet with you during his or her conference period or before or after school.
- Becoming a school volunteer.
- Participating in campus parent organizations. Parent organizations include:
Harmony PTO
- Offering to serve as a parent representative on the District-level or campus-level planning committees assisting in the development of educational goals and plans to improve student achievement.
- Offering to serve on the School Health Advisory Council, assisting the District in ensuring local community values are reflected in health education instruction.
- Attending Board meetings to learn more about District operations.

Obtaining Information and Protecting Student Rights

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student’s parent.
- Mental or psychological problems of the student or the student’s family.

- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation.

“Opting Out” of Surveys and Activities

As a parent, you also have a right to receive notice and opt your child out of participating in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information collected from your child for the purpose of marketing or selling that information.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. See policies EF and FFAA.

As a parent, you also have a right:

- To request information regarding the professional qualifications of your child's teachers, including whether the teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.
- To review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.
- To inspect a survey created by a third party before the survey is administered or distributed to your child.
- To review your child's student records when needed. These records include:
 - Attendance records,
 - Test scores,
 - Grades,

- Disciplinary records,
 - Counseling records,
 - Psychological records,
 - Applications for admission,
 - Health and immunization information,
 - Other medical records,
 - Teacher and counselor evaluations,
 - Reports of behavioral patterns, and
 - State assessment instruments that have been administered to your child.
- To grant or deny any written request from the District to make a videotape or voice recording of your child. State law, however, permits the school to make a videotape or voice recording without parental permission for the following circumstances:
 - When it is to be used for school safety;
 - When it relates to classroom instruction or a cocurricular or extracurricular activity; or
 - When it relates to media coverage of the school.
 - To remove your child temporarily from the classroom, if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by the Texas Education Agency.
 - To request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. The request must be in writing. State law does not allow your child to be excused from participation in the required moment of silence or silent activity that follows.
 - To request that your child be excused from recitation of a portion of the Declaration of Independence. State law requires students in social studies classes in grades 3-12 to recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless (1) you provide a written statement requesting that your child be excused, (2) the District determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the United States government extends diplomatic immunity.
 - To request in writing, if you are a noncustodial parent, that you be provided for the remainder of the school year a copy of any written notice usually provided to a parent related to misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion.

GRADING GUIDELINES

Letter grades used in elementary school:

E – Excellent, S – Satisfactory, N – Needs Improvement

Numerical grades used in elementary school:

A – 90 – 100 Excellent progress

B – 80 – 89 Good/Average progress

C – 70 – 79 Adequate progress

F – 69 and below Failing/Unsatisfactory progress This is not a passing grade and a parent conference is requested

REPORT CARDS / PROGRESS REPORTS AND CONFERENCES

Report cards with each student's grades or performance and absences in each class or subject are issued to parents at least once every 6 weeks.

At the end of the first three weeks of a grading period parents will be given a written unsatisfactory progress report if their child's performance in any course (in English language arts, mathematics, science, or social studies) is near or below 70, or is below the expected level of performance. If the student receives a grade lower than 70 in any class or subject during a grading period, the parent will be requested to schedule a conference with the teacher of that class or subject.

Teachers follow grading guidelines approved by the principal that have been designed to reflect each student's academic achievement for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the Board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the District's grading policy.

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal.

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

Report cards and unsatisfactory progress reports must be signed by the parent and should be returned to the school within 5 days.

STATE-MANDATED ASSESSMENT TESTS

Students at certain grade levels will take state assessment tests (such as TAKS) in the following subjects, as well as routine testing and other measures of achievement:

- Mathematics, annually in grades 3–7 without the aid of technology and, in grades 8–11, with the aid of technology on any assessment test that includes algebra
- Reading, annually in grades 3–9
- Writing, including spelling and grammar, in grades 4 and 7

- English language arts in grade 10
- Social studies in grades 8 and 10
- Science in grades 5, 8, and 10
- Any other subject and grade required by federal law.

Note: The science assessment test in grade 8 will be administered beginning in the 2006–2007 school year.

PROMOTION AND RETENTION

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level. To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards. In addition, students at certain grade levels will be required to pass the Texas Assessment of Knowledge and Skills (TAKS) as a further requirement for promotion:

- In order to be promoted to grade 4, students must have performed satisfactorily on the Reading section of the grade 3 assessment test in English or Spanish.
- In order to be promoted to grade 6, students enrolled in grade 5 in the 2004–2005 school year must perform satisfactorily on the Mathematics and Reading sections of the grade 5 assessment test in English or Spanish.
- In order to be promoted to grade 9, students enrolled in grade 8 in the 2007–2008 school year must perform satisfactorily on the Mathematics and Reading sections of the grade 8 assessment test in English.

In addition, students in grades 3, 5, and 8 must meet promotion standards established by the District in order to be promoted.

Parents of students in grades 1-8 who do not perform satisfactorily on their exams will be notified that their child will participate in special instructional programs designed to improve performance. These students will also have two additional opportunities to take the test. If the student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student's parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the District, the decision of the committee must be unanimous. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year.

A Personal Graduation Plan (PGP) will be prepared for any student in a middle school or beyond who did not perform satisfactorily on a state-mandated assessment test or is determined by the District as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a guidance counselor, teacher, or other staff member designated by the principal. The plan will identify the student's educational goals and include consideration of the parent's educational expectations for the student.

Students in grade 11 must pass the secondary exit-level assessment in English language arts, mathematics, social studies, and science in order to receive a diploma. A student who does not pass the exit-level assessment will have additional opportunities to take the test.

Certain students—some with disabilities and some with limited English proficiency—may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal, counselor, or special education director.

MEDICINE AT SCHOOL

District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

- Authorized employees, in accordance with policy FFAC, may administer:
 - Prescription medication provided by the parent, along with a written request, and in the original, properly labeled container.
 - Medication from a properly labeled unit dosage container filled by a registered nurse or another qualified District employee from the original, properly labeled container.
 - Nonprescription medication provided by the parent along with a written request, and in the original, properly labeled container.
 - Herbal or dietary supplements provided by the parent if required by the student’s individualized education program (IEP) or Section 504 plan for a student with disabilities.
- In certain emergency situations, the District will maintain and administer to a student nonprescription medication, but only:
 - In accordance with the guidelines developed with the District’s medical advisor and
 - When the parent has previously provided written consent to emergency treatment on the District’s form.

A student with asthma who has written authorization from his or her parent and physician or other licensed health-care provider may be permitted to possess and use prescribed asthma medication at school or school-related events. The student and parents should see the school nurse or principal if the student has been prescribed asthma medication for use during the school day.

PSYCHOTROPIC DRUGS

Teachers and other District employees may discuss a student’s academic progress or behavior with the student’s parents or another employee as appropriate. In addition, a District employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate.

“Psychotropic drug” means a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication and intended to have an altering effect on perception, emotion, or behavior. It is commonly described as a mood- or behavior-altering substance.

STUDENT RECORDS

Both federal and state law safeguard student records from unauthorized inspection or use and provide parents and “eligible” students certain rights. For purposes of student records, an “eligible” student is one who is 18 or older OR who is attending an institution of postsecondary education.

The law specifies that certain general information about Harmony Elementary students is considered “directory information” and will be released to anyone who follows procedures for requesting it. That information includes:

- A student’s name, address, telephone number, and date and place of birth.
- The student’s photograph, participation in officially recognized activities and sports, and weight and height of members of athletic teams.
- The student’s dates of attendance, grade level, enrollment status, honors and awards received in school, and most recent school previously attended.
- The student’s e-mail address.

Release of any or all directory information regarding a student may be prevented by the parent or an eligible student. This objection must be made in writing to the principal within ten school days of the child’s first day of instruction for this school year. [See the acknowledgement form attached to this handbook.]

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records. Release is restricted to:

- The parents—whether married, separated, or divorced—unless parental rights have been legally terminated and if the school is given a copy of the court order terminating these rights. Federal law requires that, as soon as the student becomes eligible, control of the records goes to the student. However, the parents may continue to have access to the records if the student is a dependent for tax purposes.
- District staff members who have what federal law defines as a “legitimate educational interest” in a student’s records. Such persons would include school officials (such as Board members, the Superintendent, and principals), school staff members (such as teachers, counselors, and diagnosticians), or an agent of the District (such as a medical consultant).
- Various governmental agencies or in response to a subpoena or court order.
- A school to which a student transfers or in which he or she subsequently enrolls.

Release to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The District must comply with a request by a military recruiter or an institution of higher education for students’ names, addresses, and telephone listings, unless parents have advised the District not to release their child’s information without prior written consent.

The principal is custodian of all records for currently enrolled students at the assigned school. The Superintendent is the custodian of all records for students who have withdrawn or graduated.

Records may be inspected by a parent or eligible student during regular school hours. If circumstances effectively prevent inspection during these hours, the District will either provide a copy of the requested records, or make other arrangements for the parent or student to review the requested records. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records. The address of the Superintendent's office and principals' office is:

Harmony Independent School District

Harmony Elementary

9788 State Highway 154 West

Big Sandy, TX 75755

A parent (or the student if he or she is 18 or older or is attending an institution of postsecondary education) may inspect the student's records and request a correction if the records are considered inaccurate or otherwise in violation of the student's privacy rights. If the District refuses the request to amend the records, the requestor has the right to request a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, contesting a student's grade in a course is handled through the general complaint process defined by policy FNG. Copies of student records are available at a cost of ten cents per page, payable in advance. If the student qualifies for free or reduced-price lunches and the parents are unable to view the records during regular school hours, one copy of the record will be provided at no charge upon written request of the parent.

Please note:

Parents or eligible students have the right to file a complaint with the U.S. Department of Education if they believe the District is not in compliance with federal law regarding student records. The District's policy regarding student records is available from the principal's or Superintendent's office.

The parent's or eligible student's right of access to and copies of student records does not extend to all records. Materials that are not considered educational records—such as teachers' personal notes about a student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

STUDENT OR PARENT COMPLAINTS AND CONCERNS

Usually student or parent complaints or concerns can be addressed simply—by a phone call or a conference with the teacher. For those complaints and concerns that cannot be handled so easily, the District has adopted a standard complaint policy at FNG(LOCAL) in the District's policy manual. A copy of this policy may be obtained in the principal's or Superintendent's office or on the District's Web site at www.harmonyeagles.com.

In general, the student or parent should first discuss the complaint with the campus principal. If unresolved, a written complaint and a request for a conference should be sent to the Superintendent. If still unresolved, the District provides for the complaint to be presented to the Board of Trustees.

RELEASE OF STUDENTS FROM SCHOOL

Because class time is important, doctor's appointments should be scheduled, if possible, at times when the student will not miss instructional time.

A student will not be released from school at times other than at the end of the school day except with permission from the principal or designee and according to the campus sign-out procedures. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the instructional day.

A student who will need to leave school during the day must bring a note from his or her parent that morning. A student who becomes ill during the school day should, with the teacher's permission, report to the school nurse. The nurse will decide whether or not the student should be sent home and will notify the student's parent.

Late Arrival to School

A student who is tardy to class will be sent to the office for a tardy slip. Repeated instances of tardiness will result in more severe disciplinary action. Excessive tardiness may result in student not being eligible for a perfect attendance award.

Withdrawing from School

A student under 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. A withdrawal form may be obtained by the parent from the principal's office.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student and a copy placed in the student's permanent record.

A student who is 18 or older, who is married, or who has been declared by a court to be an emancipated minor, may withdraw without parental signature.

SECTION II

CURRICULUM-RELATED INFORMATION

This section of the handbook contains pertinent requirements for academics and activities. Much of this information will also be of interest to your parents and should be reviewed with them—especially if you are entering 9th grade or are a transfer student. The section includes information on graduation programs and requirements; options for earning course credit; extracurricular activities and other school-related organizations; and awards, honors, and scholarships.

AWARDS AND HONORS

A Honor Roll

Students qualify for A Honor Roll for any six weeks, semester, or yearly grading period in which the student report card reflects no numerical grade lower than 90.

A-B Honor Roll

Students qualify for A-B Honor Roll if the student has no numerical grade below 80.

COUNSELING

Personal Counseling

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, or emotional issues, or substance abuse. The counselor may also make available information about community resources to address these concerns.

Please note: The school will not conduct a psychological examination, test, or treatment without first obtaining the parent’s written consent, unless required by state or federal law for special education purposes or by the Texas Education Agency for child abuse investigations and reports.

HOMEWORK

Most homework assignments will consist of unfinished class work or projects. The assignments are to be completed and will be graded by the teacher. Failure to complete assignments will be addressed as outlined in the Discipline Management Plan.

Students who have been absent must make up the work they missed. Students will be given one day for each day missed to make up the work. If there are extenuating circumstances, longer time may be given.

SPECIAL PROGRAMS

The District provides special programs for gifted and talented students, homeless students, bilingual students, migrant students, students with limited English proficiency, dyslexic students, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the District or by other organizations. A student or parent with questions about these programs should contact David Cochran at 903-725-5492.

Options and Requirements for Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education

If a child is experiencing learning difficulties, the parent may contact the person listed below to learn about the District's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other support services that are available to all students.

At any time, a parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the District must decide if the evaluation is needed. If evaluation is needed, the parent will be notified and asked to provide consent for the evaluation. The District must complete the evaluation and the report within 60 calendar days of the date the District receives the written consent. The District must give a copy of the report to the parent.

If the District determines that the evaluation is not needed, the District will provide the parent with a written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parent of their rights if they disagree with the District. Additionally, the notice must inform the parent how to obtain a copy of the *Notice of Procedural Safeguards—Rights of Parents of Students with Disabilities*.

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education is the school counselor at 903-725-5496.

SUMMER SCHOOL

Summer school is offered for academic and attendance reasons.

TEXTBOOKS

State-approved textbooks are provided free of charge for each subject or class. Books must be covered by the student, as directed by the teacher, and treated with care. A student who is issued a damaged book should report the damage to the teacher. Any student failing to return a book issued by the school loses the right to free textbooks until the book is returned or paid for by the parent. However, a student will be provided textbooks for use at school during the school day.

SECTION III

GENERAL INFORMATION AND REQUIREMENTS

Topics in this section of the handbook contain important information regarding school operations and requirements. Included are provisions such as student health and safety issues; fees; the school's expectations for student conduct (other than Student Code of Conduct requirements); use of facilities, such as the cafeteria, library, and transportation services; and emergency closings. For additional information or questions you may have, please see the principal.

ATTENDANCE

Regular school attendance is essential for the student to make the most of his or her education—to benefit from teacher-led activities, to build each day's learning on that of the previous day, and to grow as an individual. Absences from class may result in serious disruption of a student's mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws, one dealing with compulsory attendance, the other with attendance for course credit, are of special interest to students and parents. Each is discussed in the following sections:

Compulsory Attendance

The state compulsory attendance law requires that a student between the ages of 6 and 18 must attend school and District-required tutorial sessions unless the student is otherwise legally exempted or excused. A student who voluntarily attends or enrolls after his or her eighteenth birthday is required to attend each school day. However, if a student 18 or older has more than five unexcused absences in a semester, the District may revoke the student's enrollment. The student's presence on school property is then unauthorized and may be considered trespass.

School employees must investigate and report violations of the state compulsory attendance law. A student absent from school without permission from any class; from required special programs, such as additional special instruction (termed "accelerated instruction") assigned by the grade placement committee and basic skills for ninth graders; or from required tutorials will be considered in violation of the law and subject to disciplinary action.

A school-aged student's deliberately not attending school may also result in assessment of penalties by a court of law against both the student and his or her parents. A complaint against the parent may be filed in the appropriate court if the student:

- Is absent from school on ten or more days or parts of days within a six-month period in the same school year, or
- Is absent on three or more days or parts of days within a four-week period.

Attendance for Credit

To receive credit in a class, a student must attend at least 90 percent of the days the class is offered. A student who attends fewer than 90 percent of the days the class is offered may be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit.

In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- All absences will be considered in determining whether a student has attended the required percentage of days. If makeup work is completed, absences for religious holy days and health-care appointments will be considered days of attendance for this purpose.
- A transfer or migrant student incurs absences only after his or her enrollment in the District. For a student transferring into the District after school begins, including a migrant student, only those absences after enrollment will be considered.
- In reaching consensus about a student's absences, the committee will attempt to ensure that its decision is in the best interest of the student.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.
- The committee will consider whether the absences were for reasons over which the student or the student's parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit.

The student or parent may appeal the committee's decision to the District's Board of Trustees by filing a written request with the Superintendent in accordance with policy FNG.

The actual number of days a student must attend in order to receive credit will depend on whether the class is for a full semester or for a full year.

When a student must be absent from school, the student—upon returning to school—must bring a note, signed by the parent, which describes the reason for the absence. A note signed by the student, even with the parent's permission, will not be accepted unless the student is 18 or older.

MAKEUP WORK

Routine and In-Depth Makeup Work Assignments

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Secondary teachers may assign a late penalty to any project in accordance with time lines approved by the principal and previously communicated to students.

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher.

A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

COMMUNICABLE DISEASES / CONDITIONS

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his or her child has a communicable or contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

The school nurse or the principal's office can provide information from the Texas Department of Health regarding these diseases.

Bacterial Meningitis

State law requires the District to provide the following information:

- What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is most common and the least serious. Bacterial meningitis is the most common form of serious bacterial infection with the potential for serious, long-term complications. It is an uncommon disease, but requires urgent treatment with antibiotics to prevent permanent damage or death.

- What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 1 year old) and adults with meningitis may have a severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness or joint pains, and drowsiness or confusion. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

- How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

- How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing; sharing drinking containers, utensils, or cigarettes).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

- How can bacterial meningitis be prevented?

Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

While there are vaccines for some other strains of bacterial meningitis, they are used only in special circumstances. These include when there is a disease outbreak in a community or for people traveling to a country where there is a high risk of getting the disease. Also, a vaccine is recommended by some groups for college students, particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85–90 percent). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

- What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

- Where can you get more information?

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Texas Department of Health office to ask about meningococcal vaccine. Additional information may also be found at the Web sites for the Centers for Disease Control and Prevention, <http://www.cdc.gov>, and the Texas Department of Health, <http://www.tdh.state.tx.us>.

HEALTH-RELATED MATTERS

Physical Activity for Students in Elementary Grades

The District will make available for public inspection a statement of the policy adopted to ensure that students in elementary grades engage in at least 30 minutes of physical activity per day or 135 minutes per week, along with other information. For information regarding the District's requirements and programs regarding elementary student physical activity requirements, please see the principal.

School Health Advisory Council

Information regarding the District's School Health Advisory Council, including the number of meetings scheduled or held during the year, and information regarding vending machines in District facilities and student access to the machines is available from the principal.

Other Health Related Matters

The District and its staff strictly enforce prohibitions against the use of tobacco products by students and others on school property or at school-sponsored or school-related activities.

CONDUCT

Applicability of School Rules

As required by law, the District has developed and adopted a Student Code of Conduct that prohibits certain behaviors and establishes standards of acceptable behavior—both on and off

campus—and consequences for violation of the standards. Students need to be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules.

To achieve the best possible learning environment for all students, the Student Code of Conduct and other campus rules of behavior will apply whenever the interest of the District is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities. The District has disciplinary authority over a student in accordance with the Student Code of Conduct.

Corporal Punishment

Corporal punishment—spanking or paddling the student—may be used as a discipline management technique in accordance with the Student Code of Conduct and policy FO(LOCAL) in the District’s policy manual.

Disruptions

In order to protect student safety and sustain an educational program free from disruption, state law permits the District to take action against any person—student or nonstudent—who:

- Interferes with the movement of people in an exit, an entrance, or a hallway of a District building without authorization from an administrator.
- Interferes with an authorized activity by seizing control of all or part of a building.
- Uses force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Uses force, violence, or threats to cause disruption during an assembly.
- Interferes with the movement of people at an exit or an entrance to District property.
- Uses force, violence, or threats in an attempt to prevent people from entering or leaving District property without authorization from an administrator.
- Disrupts classes or other school activities while on District property or on public property that is within 500 feet of District property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with profane language or any misconduct.
- Interferes with the transportation of students in District vehicles.

Radios, CD Players, Cell Phones, and Other Electronic Devices and Games

Students are not permitted to possess such items as cell phones, pagers, radios, CD players, tape recorders, camcorders, DVD players, cameras, or electronic devices or games at school, unless prior permission has been obtained from the principal. Cell phones with cameras are not permitted.

Without such permission, teachers will collect the item and turn it in to the principal’s office. The principal will determine whether to return the item at the end of the day for the student to take home or whether the parent will be contacted to pick up the item. Any disciplinary action will be in accordance with the Student Code of Conduct. For certain items, such as cell phones

and pagers, in which a third party retains a legal right of ownership, an administrative fee may be charged.

Bullying or Taunting Behaviors

Students must not participate, either individually or in a group, in bullying or taunting behaviors toward another student. Such behaviors may include repeated teasing or ridicule, name-calling, threats, theft, gossip and rumors, or physical intimidation of any kind. A substantiated complaint against a student will result in disciplinary action, according to the nature of the offense and the Student Code of Conduct.

Harassment on the Basis of Race, Color, Religion, National Origin, or Disability

Students must not engage in harassment behaviors motivated by race, color, religion, national origin, or disability directed toward another student.

Students are expected to treat other students and District employees with courtesy and respect; to avoid any behaviors known to be offensive; and to stop these behaviors when asked or told to stop.

The District encourages parental and student support in its efforts to address and prevent harassment in any form in the public schools. Students and/or parents are encouraged to discuss their questions or concerns about the expectations in this area with a teacher, counselor, or principal.

A student who believes he or she has been harassed by another student or by a District employee is encouraged to report the incident to the principal or David Cochran. The allegations will be investigated and addressed. A substantiated complaint against a student will result in disciplinary action, according to the nature of the offense and the Student Code of Conduct.

The student or a parent may appeal the decision of the principal regarding the outcome of the investigation in accordance with policy FNG(LOCAL).

Sexual Harassment / Sexual Abuse

Students must not engage in unwanted and unwelcome verbal or physical conduct of a sexual nature directed toward another student or a District employee. This prohibition applies whether the conduct is by word, gesture, or any other sexual conduct, including requests for sexual favors. All students are expected to treat other students and District employees with courtesy and respect, to avoid any behaviors known to be offensive, and to stop these behaviors when asked or told to stop.

The District will notify the parents of all students involved in sexual harassment by students when the allegations are not minor, and will notify parents of any incident of sexual harassment or sexual abuse by an employee. To the greatest extent possible, complaints will be treated as confidential. Limited disclosure may be necessary to complete a thorough investigation.

A complaint alleging sexual harassment by another student or sexual harassment or sexual abuse by a staff member may be presented by a student and/or parent in a conference with the principal or designee or with the Title IX coordinator, Mr. Ray Miller.

The student or parent may appeal the decision regarding the outcome of the investigation in accordance with policy FNCJ(LOCAL).

LAW ENFORCEMENT AGENCIES

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.
- The principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation.

Students Taken Into Custody

State law requires the District to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- To comply with a properly issued directive to take a student into custody.
- By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the Superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a custody action, notification will most likely be after the fact.

Notification of Law Violations

The District is also required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been arrested or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred prosecution, received deferred adjudication, or adjudicated of delinquent conduct for any felony offense or certain misdemeanors.

DISTRIBUTION OF PUBLISHED MATERIALS OR DOCUMENTS

School Materials

Publications prepared by and for the school may be posted or distributed, with prior approval by the principal, sponsor, or teacher. Such items may include school posters, brochures, murals, etc.

All school publications are under the supervision of a teacher, sponsor, and the principal.

Student Nonschool Materials

Unless a student obtains specific prior approval from the principal, written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials over which the school does not exercise control may not be posted, sold, circulated, or distributed on any school campus. To be considered, any nonschool material must include the name of the sponsoring organization or individual. The decision regarding approval will be made in two school days.

The principal has designated the window in front of the office as the location for approved nonschool materials to be placed for voluntary viewing by other students.

The student may appeal the principal's decision in accordance with policy FNG(LOCAL). Any student who posts material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without this approval will be removed.

Nonstudent Nonschool Materials

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the District or by a District-affiliated school-support organization will not be sold, circulated, distributed, or posted on any District premises by any District employee or by persons or groups not associated with the District, except as permitted by policy GKDA. To be considered, any nonschool material must meet the limitations on content established in the policy, include the name of the sponsoring organization or individual, and be submitted to the principal for specific prior review. The principal will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate District complaint policy.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from District property immediately following the event at which the materials are distributed.

DRESS AND GROOMING

The District's dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following:

General Guidelines – All Students

- Clothing should be of a nature to not cause a health and safety hazard to the student or others. The District prohibits pictures, emblems or writing on clothing that is lewd, offensive, vulgar, obscene, or that advertises or depicts tobacco products, alcoholic beverages, drugs, or any other substance prohibited under policy FNCFR(L).
- The District prohibits any clothing or grooming that in the principal's or teachers' judgement may reasonably be expected to cause disruption of or interference with normal school and classroom operations.
- Students may wear shirts and/or blouses with jeans, full-length pants, skirts, dresses and appropriate shorts. Appropriate shorts are: shorts that are long enough that when a student's arms are held by their sides, their fingertips do not touch any skin.
- Wearing clothing that is sheer or "see through" is prohibited.
- If a student comes to school dressed inappropriately, they will be sent home to change. If that is not possible, they will be required to change into clothes provided for them by the school.
- Sunglasses are prohibited inside the buildings unless prescribed by a doctor.
- Students may not wear caps, hats, headbands, or other types of head coverings while in the building. Exceptions to this rule will be made for spirit days.
- All clothing should fit in a manner to avoid comment. Tight fitting clothing that conforms to the body or extremely oversized clothing is prohibited.
- Articles of clothing must be worn as they are designed to be worn, e.g., suspender straps of overalls on the shoulders, shirts buttoned completely with the exception of the top button, jackets or coats on the shoulder, etc.

- Gang clothing – clothing that is known to be, or thought to be, clothing that is associated with gangs or gang activity is prohibited. Examples: “do rage”, bandannas (all colors), khaki work clothes, certain athletic apparel, etc.
- Severely torn or ragged clothing is prohibited.
- Appropriate modest dress is expected at all school-sponsored activities with the approval of the sponsor and principal.
- Appropriate footwear is mandatory. Rubber flip/flop shoes are not allowed due to safety reasons.
- Dress that deems special consideration, such as class or school activities or medical needs, must be approved by the campus principal.

Female Students – Guidelines

- Sun dresses and like apparel may be worn provided they are not cut too low in the front or the back for proper decorum. Shoulder straps must be at least two inches in width.
- Halter tops, tops that are backless or with a bare mid-drift are not allowed.
- Crop-top blouses must not allow the mid-drift to show at anytime whether the student is idle or active. This type of blouse must be long enough to be tucked in even though it does not have to be tucked in.
- Body piercing is not allowed except for a maximum of two sets of earrings.
- Hair must be clean well, groomed, and out of the eyes. The style and color of the hair must be of a nature as to not cause a classroom disruption.

Male Students – Guidelines

- May not wear tank tops or like apparel without a t-shirt under the garment.
- Shirts with the sleeves torn out may not be worn.
- All pants, shorts, and similar type clothing designed to be worn at the waist may not be worn below the waist or made to sag so as to allow the underwear to show. Shirts may not be worn untucked with baggy clothing.
- Earrings or any form of body piercing is not allowed.
- Hair must be clean, well groomed, and out of the eyes. The style and color of the hair must be of a nature as to not cause a classroom disruption. Examples: unnatural color such as blue, yellow, or green, two or three tone color, etc.
- Young men may not wear dog collars, heavy chains, or chains attached to billfold.

When any questions arise or there is any doubt about appropriateness of clothing, students and parents are encourage to consult school officials. The support of parents and compliance by students is essential in order to have the best possible atmosphere for learning in school.

Violations to the Dress Code

If the student's dress or grooming is objectionable under the above provisions, the teacher and/or principal shall request the student to make appropriate corrections. Students will be given the opportunity to make corrections at that time. If class time is lost, the teacher will give an unexcused tardy/absence depending on the length of time the student is out of class. If the student refuses, the principal shall notify the student's parent and request that the necessary correction be made. If this does not work, the student will be placed into campus suspension for the remainder of the day. Some dress code violations will carry automatic disciplinary actions these are:

Sunglasses, Hats, Earrings, Electronic Devices, Heavy Chains, etc.

1st offense – item confiscated and returned at the end of the day

2nd offense – item confiscated and returned to parent – 1 day campus suspension

3rd or more offense – item confiscated and returned at the end of the year – 2 day campus suspension

Sagging, Inappropriate Clothing, Hair, etc.

1st offense – unexcused tardy/absence, whichever applies while the problem is corrected

2nd offense – unexcused tardy/absence, whichever applies – 1 day campus suspension

3rd or more offense – unexcused tardy/absence, whichever applies – 3 days campus suspension

STUDENT FEES

A list of required supplies for students at each grade level will be provided through the office and posted in places where school supplies are sold. All students are required to have and bring these supplies to school.

FUND-RAISING

Student clubs or classes, outside organizations, and/or parent groups occasionally may be permitted to conduct fund-raising drives for approved school purposes.

IMMUNIZATION

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of Health, Immunization Division, can be honored by the

District. The immunizations required are: diphtheria, rubeola (measles), rubella, mumps, tetanus, Haemophilus influenzae type B, poliomyelitis, hepatitis A, hepatitis B, and varicella (chicken pox). The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the Texas Department of Health. Proof of immunization may be personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. licensed physician stating that, in the doctor's opinion, the immunization required poses a significant risk to the health and well-being of the student or any member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition. [For further information, see policy FFAB and the Texas Department of Health Web site: http://www.tdh.state.tx.us/immunize/school_info.htm.]

PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE

Texas law requires students to recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag each day. Parents may submit a written request to the principal to excuse their child from reciting a pledge.

A minute of silence will follow recitation of the pledges. The student may choose to reflect, pray, meditate, or engage in any other silent activity so long as the silent activity does not interfere with or distract others.

PRAYER

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not require, encourage, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

SAFETY

Student safety on campus and at school-related events is a high priority of the District. Although the District has implemented safety procedures, the cooperation of students is essential to ensure school safety. A student should:

- Avoid conduct that is likely to put the student or other students at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal safety hazards, such as intruders on campus and threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other District employees who are overseeing the welfare of students.

Accident Insurance

Soon after school opens, parents will have the opportunity to purchase low-cost accident insurance that will help in meeting medical expenses, in the event of injury to their child.

Drills: Fire, Tornado, and Other Emergencies

From time to time, students, teachers, and other District employees will participate in drills of emergency procedures. When the alarm is sounded, students should follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Fire Drill Bells

3 bells	leave the building
1 bell	halt; stand at attention
2 bells	return to the classroom

Tornado Drill Bells

1 continuous bell	move quietly but quickly to the designated locations
2 bells	return to the classroom

Shelter in Place

Students will stay in the classroom with the doors locked

Building Evacuation

Students will exit the building and wait for further directions.

Site Evacuation

Students will exit the building and walk away from the building to a safe designated area.

Emergency Medical Treatment and Information

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school will need to have written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

Emergency School-Closing Information

When inclement weather or unusual circumstances cause school to be delayed or canceled for the day, area radio and TV stations will be notified as soon as possible. Parents should check these media announcements.

If conditions warrant an early dismissal of school, buses will run the normal routes. The school will not be able to contact each parent. Special instructions may be sent to the homeroom teacher for her files in case a situation such as an emergency closing occurs. The staff cannot be

expected to remain at school for an extended time. Conditions that affect bus travel also effects the staff.

SCHOOL FACILITIES

Use By Students Before and After School

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

Unless the teacher or sponsor overseeing the activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, and unless involved in an activity under the supervision of a teacher, students must leave campus immediately.

Conduct Before and After School

Teachers and administrators have full authority over student conduct at before- or after-school activities on District premises and at school-sponsored events off District premises, such as play rehearsal, club meetings, athletic practice, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter code of conduct for extracurricular participants established by the sponsor in accordance with Board policy.

Loitering or standing in the halls between classes is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

Cafeteria Services

The District participates in the National School Lunch Program and offers students nutritionally balanced lunches daily. Free and reduced-price lunches are available based on financial need. Information about a student's participation is confidential. See cafeteria manager to apply.

The District follows the federal and state guidelines regarding foods of minimal nutritional value being served or sold on school premises during the school day.

Library

The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure. The library is open for student use during the school day with teacher permission.

Meetings of Noncurriculum-Related Groups

Students are permitted to meet with noncurriculum-related groups during the hours designated by the principal before and after school. These groups must comply with the requirements found in policy FNAB.

Pest Control Information

The District periodically applies pesticides inside buildings. Except in an emergency, signs will be posted 48 hours before application. Parents who want to be notified prior to pesticide application inside their child(ren)'s school assignment area may contact Mr. Ray Miller.

Vandalism

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and in the coming years—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

SEARCHES

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, District officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

Students' Desks and Lockers

Students' desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of the assigned desks and lockers. Students must be certain that the locker is locked, and that the combination is not available to others.

Searches of desks or lockers may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by District policy, whether or not a student is present.

The parent will be notified if any prohibited items are found in the student's desk or locker.

TRANSPORTATION

School-Sponsored

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. The principal, however, may make an exception if the parent makes a written request that the student be released to the parent or to another adult designated by the parent.

Buses and Other School Vehicles

The District makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students. Bus routes and any subsequent changes are posted at the school.

See the Student Code of Conduct for provisions regarding transportation to the disciplinary alternative education program.

Students are expected to assist District staff in ensuring that buses remain in good condition and that transportation is provided safely. When riding in District vehicles, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver's directions at all times.
- Enter and leave the bus or van in an orderly manner at the designated stop nearest home.
- Keep feet, books, band instrument cases, and other objects out of the aisle.
- Not deface the bus, van, or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the bus or van.
- Be seated while the vehicle is moving.
- Wait for the driver's signal upon leaving the bus or van and before crossing in front of the vehicle.

When students ride in a District van or passenger car, seat belts must be fastened at all times.

Misconduct will be punished in accordance with the Student Code of Conduct; bus-riding privileges may be suspended.

Bus transportation is a privilege-not a requirement. The purpose of student bus transportation is to transport students to and from school safely. Those students riding the bus are considered under the jurisdiction of school authorities from the time they board the bus in the morning until they are discharged from the bus in the afternoon. The bus driver is charged with the responsibility of maintaining order and proper conduct on the school bus. The driver must take the necessary steps to maintain order on the bus to insure the safety of all. No student will be put off the bus between home and school. If a situation arises that is beyond the control of the driver. The driver will park the bus and notify school authorities. For safety purposes, video/audio equipment may be used to monitor student behavior on buses. Students will not be told when they equipment is being used. The driver has the authority to assign seats or otherwise implement procedures, which will ensure the safety of all riders.

Students who ride HISD school buses shall select a permanent bus route which best meets the needs of the parents or legal guardians. When selecting the bus route for the child, parents/legal guardians should choose the route that will serve the student on an everyday basis. Due to the school district's responsibility to ensure the safety of students riding the buses, telephone requests to change a student from his regular route to an alternative route cannot be continued. School personnel cannot always validate the legal authority or identity of individuals who make telephone requests.

Should the parents of a child not designate a specific bus route; the child will be assigned the route which serves the child's resident address as indicated on school records.

If an emergency arises requiring the student to ride an alternate route, the change requests must be on the approved forms, which shall be available in the campus principal's office. This will provide written authorization for the child to ride a bus other than this regular route. The parents shall provide appropriate identification, which shall be required by the campus office to verify relationship to the student. Written authorization for a change in bus placement shall be necessary in order to validate the identity of the person requesting a change for a student less than 17 years of age. All written records shall be kept on file to document all route changes as authorized by the parent.

Consequences

- 1st offense Verbal Warning by the bus driver
- 2nd offense Verbal warning by the principal; letter mailed home to parents
- 3rd offense No bus riding privileges for 5 days
- 4th offense No bus riding privileges for 15 days
- 5th offense No bus riding privileges for the remainder of the school year.

In case of serious misconduct that endangers the safety of other passengers or the driver, the principal and the parents shall be notified of the situation as soon as possible and steps one and two are skipped.

Disciplinary sanctions and changes in transportation for a student with a disability shall be made in accordance with the provisions of the student's Individual Education Plan (IEP) for students considered disabled under IDEA or the individually designed program for students considered disabled under Section 504.

VIDEOTAPING OF STUDENTS

For safety purposes, video/audio equipment will be used to monitor student behavior on buses (and in common areas on campus). Students will not be told when the equipment is being used.

The principal will review the tapes routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

A parent who wants to view a videotape of the incident leading to the discipline of his or her child may request access in accordance with policy FL.

VISITORS TO THE SCHOOL

General Visitors

Parents and others are welcome to visit District schools. For the safety of those within the school and to avoid disruption of instructional time, **all visitors must first report to the principal's office.**

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

GLOSSARY

Accelerated instruction is an intensive supplemental program designed to address the needs of an individual student in acquiring the knowledge and skills required at his or her grade level.

ACT refers to one of the two most frequently used college or university admissions exams: the American College Test. The test may be a requirement for admission to certain colleges or universities.

ARD is the admission, review, and dismissal committee convened for each student who is identified as needing a full and individual evaluation for special education services. The eligible student's parents are part of the committee.

Attendance Review Committee is responsible for reviewing a student's absences when the student's attendance drops below 90 percent of the days the class is offered. Under guidelines adopted by the Board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit lost because of absences.

DAEP stands for a disciplinary alternative education program, a placement for students who have violated certain provisions of the Student Code of Conduct. The DAEP will be separated from students not assigned to the program. It will focus on English language arts, mathematics, science, history, and self-discipline, and provide for students' educational and behavior needs, as well as supervision and counseling.

FERPA refers to the federal Family Educational Rights and Privacy Act that grants specific privacy protections to student records. The law contains certain exceptions, such as directory information, unless the student's parent or a student 18 or older directs the school not to release directory information.

IEP is the written record of the Individualized Education Program prepared by the ARD committee for a student with disabilities who is eligible for special education services. The IEP contains several parts such as a statement of the student's present educational performance; a statement of measurable annual goals, with short-term objectives; the special education and related services and supplemental aids and services, and program modifications or support for school personnel; a statement regarding how the student's progress will be measured and how the parents will be kept informed; modifications to state or districtwide tests, etc.

ISS refers to in-school suspension, a disciplinary technique for misconduct found in the Student Code of Conduct. Although different from out-of-school suspension and placement in a disciplinary alternative education program (DAEP), ISS removes the student from the regular classroom.

NCLBA is the federal No Child Left Behind Act of 2001 that, along with other requirements for schools, provides for parent information and opportunities for "opting" their students out of certain activities or surveys.

Personal Graduation Plan (PGP) is a new state requirement for any student in middle school or higher who fails a section on a state-mandated assessment test or is determined by the District as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

SAT refers to the second of the two most frequently used college or university admissions exams: the Scholastic Aptitude Test. The test may be a requirement for admissions to certain colleges or universities.

Section 504 is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined by an ARD committee to be eligible for special education services, appropriate regular educational services will be provided.

State assessment tests are required of students at certain grade levels and in specified subjects. Successful performance is a condition of promotion and the grade 11 exit-level test is a condition of graduation. Students have multiple opportunities to take the tests.

Alternate assessment tests, developed by the state, may be given to students in special education and students identified as limited English proficient.

Student Code of Conduct, developed with the advice of the District-level committee and adopted by the Board, identifies the circumstances, consistent with law, when a student may be removed from the classroom or campus. It also sets out the conditions that authorize or require the principal or another administrator to place the student in a disciplinary alternative education program. It outlines conditions for out-of-school suspension and for expulsion, and states whether self-defense is a consideration in suspension, DAEP placement, or expulsion. The Student Code of Conduct also addresses notice to the parent regarding a student's violation of one of its provisions.

TAKS is short for the Texas Assessment of Knowledge and Skills the state's current standardized achievement test given to students in certain grade levels and subjects in grades 3–11.

UIL refers to the University Interscholastic League, the statewide voluntary non-profit organization that oversees educational extracurricular academic, athletic, and music contests.

APPENDIX I ACKNOWLEDGMENT FORM

My child and I have received a copy of the Harmony Elementary Student Handbook (and the Student Code of Conduct) for 2004–2005. I understand that the handbook contains information that my child and I may need during the school year and that all students will be held accountable for their behavior and will be subject to the disciplinary consequences outlined in the code.

Regarding student records, I understand that the federal Family Educational Rights and Privacy Act (FERPA) and state law require that “directory information” on my child be released by the District to anyone who requests it unless I object in writing to the release of any or all of this information. I also understand that to be in compliance with the No Child Left Behind Act of 2001, the District will release to military recruiters and institutions of higher education, upon request, the name, address, and telephone listing of my child, unless I direct the District not to release this information without prior written consent, as indicated below. This objection must be filed with the principal within ten school days of my child’s first day of instruction for this school year.

Directory information includes my child’s:

1. Name,
2. Address,
3. Telephone listing,
4. Date and place of birth,
5. Photograph,
6. Participation in officially recognized activities and sports,
7. Weight and height of members of athletic teams,
8. Dates of attendance,
9. Grade level,
10. Enrollment status,
11. Honors and awards received in school,
12. Most recent previous school attended, and
13. E-mail address.

In exercising my right to limit release of this information, I have marked through the items of directory information listed that I direct the District not to release without my prior written consent.

Print name of student: _____

Signature of student: _____

Signature of parent: _____

Date: _____

APPENDIX II
ACKNOWLEDGMENT FORM

My child and I have received a copy of the [school name] Student Handbook Amendment # [] dated [].

Print name of student: _____

Signature of student: _____

Signature of parent: _____

Date: _____

APPENDIX III CONSENT/OPT-OUT FORM

Note to school administrators:

*In order to meet District (or campus) obligations under the NCLBA (see page 6 of the **Model Student Handbook**) you must at least annually at the beginning of the school year notify parents of the specific or approximate dates when the following will occur or are expected to occur:*

*A survey, analysis, or evaluation that concerns student protected information as described below in the first section. For those surveys that will be funded in whole or in part by U.S. Department of Education funds, the District **must receive** a parent's consent. For those surveys not funded by the USDE, the district must **allow** a parent to opt-out.*

*Any planned nonemergency, invasive physical examinations or screenings required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student, other than hearing, vision, scoliosis screenings or any physical exam or screening permitted or required under state law. See policies EF and FFAA. The District must **allow** a parent to opt-out of these examinations or screenings.*

School activities involving the collection, disclosure, or use of personal information collected from a student for the purpose of marketing or selling that information. Depending on what personal information is being collected, disclosed, or used, the District must either receive consent or allow a parent to opt-out of these activities.

Should any of the above surveys or activities arise during the school year as part of campus or classroom activities, these guidelines should again be used to determine appropriate notices and consent/opt-out forms to be sent to parents before the surveys or activities are conducted.

To the Parents of _____:

The District is required by federal law to notify you and obtain your consent or denial (opt-out) for your child to participate in certain school activities. The activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas, known as "protected information surveys."

1. Political affiliations or beliefs of the student or student's parent;
2. Mental or psychological problems of the student or student's family;
3. Sex behavior or attitudes;
4. Illegal, antisocial, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other than as required by law to determine program eligibility.

This requirement also applies to the collection, disclosure, or use of student information for marketing purposes ("marketing surveys"), and certain physical exams and screenings.

Following are activities requiring parental notice and consent or opt-out for the 2004–2005 school year. Please note that this notice and authority to consent transfer from parent to student when the student reaches 18 or is an emancipated minor under state law.

[Include modified text blocks below as appropriate.]

[This sample text may be adapted for any survey concerning the private information listed above.]

Date: On or about October 15, 2004

Grades: 5 and 6

Activity: ABC Survey of At-Risk Behaviors

Summary: This is an anonymous survey that asks students questions about behaviors such as drug and alcohol use, sexual conduct, violence, and other at-risk behaviors. The survey also asks questions of a demographic nature concerning family makeup, the relationship between parents and children, and use of alcohol and drugs at home.

Consent *[include this paragraph for USDE funded, protected information surveys only]*: A parent must sign and return the attached consent form no later than [date] so that your child may participate in this survey.

Opt-out *[include this paragraph for any non-USDE funded protected information survey]*: Contact [school official] at [telephone number, e-mail, address, etc.] no later than [date] if you do not want your child to participate in this activity.

[This sample text may be adapted for school activities involving the collection, disclosure, or use of personal information collected from a student for the purpose of marketing or selling that information.]

For marketing activities limited to “directory information,” the District’s opt-out form for directory information in Appendix I satisfies the District’s consent/opt-out obligations.

Schools that permit marketing activities, such as the one in the sample below, that collect, use, or disclose both “directory information” and “non-directory information,” may not use an opt-out procedure and must obtain prior written consent in accordance with Subsection 99.30 of the Family Educational Rights and Privacy Act (FERPA).]

Date: 2004–2005 School Year

Grades: 9–12

Activity: Student-Based Commercial Services

Summary: [School] collects, or allows businesses to collect, use, and disclose personal information on students, including names, addresses, telephone listings, and social security numbers. These businesses provide student-based products and services, such as computer equipment, sports clothing, school jewelry, and entertainment products.

Consent: A parent must sign and return the attached consent form no later than [date] so that your child may participate in this activity.

[This sample text may be adapted for any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student.]

Date: November 22-24, 2004

Grades: 1–6

Activity: Flu Shots

Summary: The County Department of Public Health Services will administer flu shots for influenza types A and B.

Opt-out: Contact [school official] at [telephone number, e-mail, address, etc.] no later than [date] if you do not want your child to participate in this activity.

If you wish to review any survey instrument or instructional material used in connection with any protected information or marketing survey, please submit a request to [school official, address]. [School official] will notify you of the time and place where you may review these materials. You have the right to review a survey and/or instructional materials before the survey is administered to a student.

I, _____ (parent's name), give my consent for _____ (child's name) to participate in the following surveys (check those for which you give consent):

- [name or description of survey and approximate date]
- [name or description of survey and approximate date]
- [name or description of survey and approximate date]

Parent's signature

Please return this form no later than [date] to the following school official: [name and mailing address]
